## Motorized High Lift Wheel Dolly

The Stertil-Koni Motorized High Lift Wheel Dolly simplifies the back-breaking task of hub, wheel end, and tire maintenance. With fully hydraulic operation in a variety of configurations, the Stertil Koni family of Wheel Dollies offers a safe alternative for lifting heavy wheel assemblies on vans, buses, and trucks to agricultural, military, and industrial machinery.

**For Virtually All  
Commercial Vehicle  
Wheel Assemblies**

# Motorized High Lift Wheel Dolly

## Model SKWD 500/501

- ▶ Heavy steel framing assembled to the highest industry standards
- ▶ Fully hydraulic operation
- ▶ Available in your choice of pneumatic or 12 VDC power
- ▶ High quality non-destructive, non-marring nylon wheels
- ▶ Swiveling rear wheels for tight turning radius and portability
- ▶ Nylon safety strap securely holds wheel assembly in place during removal or reinstallation
- ▶ Steel cover for foot protection
- ▶ Easily positioned by one technician
- ▶ Lifting forks incorporate rollers to allow rotation of wheels for easy bolt pattern alignment during removal and installation
- ▶ Lifting forks tilt 10° above and 4° below horizontal for precise alignment
- ▶ Use with vehicle at floor level or full lifted height

SKWD 501
